Senior Prom 2022!

Message from the Director - Graduation 2022!

Tonight we celebrate our graduating class of 2022 as they complete their learning journey here at TASOK, moving on to their next adventures all over the world!

As true practitioners of resilience, this group of 16 students have spent over half of their time in high school dealing with all that COVID has thrown their way (in addition to the IB). Still they thrived, and succeeded, ready to take on the world next year. We are truly proud, and blessed to be able to celebrate tonight together as a TASOK Community.

The end of the school year is quickly approaching and soon everyone will be looking ahead at what 2022/23 has to bring. Reflecting on the past few months, it is amazing to see all the activities that we were able to squeeze in from athletics, to PTC events, and even tournaments, as we work together to rebuild the strong sense of community here at TASOK.

Approaching these final two weeks of school, please continue to share any updates in your family's health so that we can ensure a successful end to the 2021/22 school year.

Yours in Education,
Dan Mullen - TASOK Director

TASOK Business Office
Inventory Officer

What do you do at TASOK?

I have been Tasok's Swimming Pool Caretaker for 37 years. I maintain the HS Boys and Girls Change Rooms and the Covered Court as well as marking the lines on the HS & ES School soccer fields. I am also part of the coaching staff for the High School and Middle School girls soccer teams as part of the ASA's at Tasok and the upcoming Tasok Soccer Tournament in June.

What do you do at TASOK?

I serve as the inventory officer for the Business Office (School Supplies and Fixed Assets). I am the Business Office IT support and liaison to the IT department.

How long have you worked at TASOK?

I started at Tasok in 1983 which is 39 years in total. I have seen many students going from PreSchool all the way to Grade 12. I have worked with many Directors and Maintenance Managers.

How long have you worked at TASOK?

I started at TASOK in 2009. So that makes 13 years already.

What province are you from/which Kinshasa commune do you live in?

I am originally from Kongo Central. I live in Ngaliema commune. Area Binza Ozone Quarter Nfinda Loya Ave. 44. I am happily married with seven children. I have 5 girls and 2 boys.

What province are you from/which Kinshasa commune do you live in?

I am from Goma in the North-Kivu province (DRC East). My first language is Swahili. I am also fluent in French and Lingala. In Kinshasa, I live in the area of Pompage in the Ngaliema Commune. I've been married for 10 years and have 4 beautiful children (2 boys and 2 girls).

What do you appreciate about TASOK?

I appreciate the work I have been given at Tasok and being part of the sporting activities as a player, coach and referee. It has helped me raise my family over the years. Meeting people from all over the world has always been interesting.

What do you appreciate about TASOK?

I like the work environment and the way it aligns with TASOK's vision (Integrity, Inclusivity & Excellence). About Excellence, every year we have the opportunity to improve. I can see my own progress over the years, and our system has also improved for better coordination between departments.

What job accomplishment are you most proud of during

What job accomplishment are you most proud of during your

your time at TASOK?

Helping the security team look after Tasok during the 1991 Pillage of the DRC formerly known as Zaire because the security team was not big enough. The Security Wall was also different then as it was a Diamond Mesh Fence which allowed people to see into the school property which made the security work more challenging at the time. There was one day when none of the Tasok Soccer coaches arrived for the Soccer Tournament which I had to manage myself and share the refereeing of the games played that day with other visiting coaches. I have enjoyed being part of many Sporting Tournaments at Tasok and I am looking forward to being part of the upcoming Soccer Tournament in June that Tasok will host after a two year break as a result of Covid 19. It is also really great sharing my Culture with the students in the CAC during Congo Week.

time at TASOK?

I established a better system of communication for delivery with the maintenance department. With the rigorous procedures of inventory and control, I am able to implement the tasks and see the results right away. The big highlight is the dispatch of overseas supplies to classrooms, offices and residences at the start of every school-year. It is a massive endeavor that requires good coordination and teamwork.

What are you most proud of in the DRC?

I am proud of the Cultural Diversity of the DRC with 200 ethnic languages and over 400 dialects.

What do you do as a hobby?

I really enjoy playing soccer at home and here at Tasok with the students and staff after hours. I tried playing the guitar and the piano but I realized that my music happened when playing soccer and being part of scoring goals that made the players and spectators sing and dance.

What are you most proud of in the DRC?

I like the generosity of the people. Congolese people are very welcoming. I particularly like the city of Goma. It's a beautiful city bursting with new constructions and where food is always available and cheap.

What do you do as a hobby?

During my free time, I practice Taekwondo. I like Math, Programming and Technology. I assist some children in the family and neighborhood with Math questions or problems.

With Taekwondo, I had the opportunity of offering 2 after-school activities to students at TASOK in Elementary School this year. It was a great experience, especially with the youngest. It was a learning process to effectively manage Kindergarteners and first graders; definitely a challenge to keep fun and order.

What do you appreciate in your current position?

I appreciate being part of the good Team at Tasok working together as one community that helps students with a great learning experience at Tasok through Sport and Education.

What do you appreciate in your current position?

The communication within the business office creates a good teamwork mentality. We help each other get better. I like the flexibility and opportunities to work in other areas such as the safety team (morning drop-offs), IT (joint interventions), Atelier (constant dispatching and equipment movement) and office (supplies delivery).

Message from Lesley Peacock, Secondary School Principal

This is the last TASOK TALK entry for me, as I will be leaving to begin a new position as Secondary Principal in Malawi. I would like to take this opportunity to thank the TASOK Community for their support, open mindedness and positive spirit during the past three years that I have worked at TASOK.

During this time I have learned a great deal from my experiences at the school through my interactions with the staff, students, and parents and through the development of the IB Programme. I leave with lasting memories of our wonderful student body, their smiles (although unfortunately during most of my time behind masks) and zest for life. This culminated during the Senior Prom that I attended last night when I watched a cohesive, dynamic group of admirable individuals enjoying their last few days of TASOK. I wish you all the best for the future, as I'm sure that TASOK will continue to grow and flourish.

Summer Reading

Vitna Bailey - PYP coordinator

Did you know many children enjoy summer reading? Summer can be a special time for children reading books they want to read and creating memorable experiences with family and friends while reading!

There are many different reading programs available during the summer and you can visit local libraries wherever you are.

Sometimes too many choices can be confusing, so I'd like to introduce two summer reading programs that are well known and free.

Summer is for Choice

53% of kids say they enjoy reading over the summer

70% say it is because they get to read whatever and whenever they want!

92% of kids say they are more likely to read a book they self-select

"READING IS A PASSPORT TO COUNTLESS ADVENTURES."
- MARY POPE OSBORNE

Capstone Summer Adventure Camp

Capstone is an educational publisher for digital solutions, children's books, and literacy programs for school libraries and classrooms. PebbleGo™ is one of their products you might be familiar with.

They are offering 20 ebooks for each theme, a total of 120 free books through the summer. Scan the QR code to go to their website and start seeing what's on their choice boards!

<https://www.capstonepub.com/summerchoiceboards>

No login or password needed for this program. Great reading experience is just one click away!

Scholastic Summer Reading

The world's largest publisher and distributor of children's books, Scholastic has a popular summer reading program. **Go to Scholastic Home Base and create an account for FREE!** Children can visit the summer zone where they can read books and stories; attend author events; interact with their favorite characters; play book-based games and activities; join dance parties; and more. It's available through August 19.

<https://kids.scholastic.com/kid/homebase/>

Scholastic will donate up to 100,000 books to children with limited or no access to books. They will donate one book each time a student reads and records their reading two days in a row!

Please join the **Green Team** in assisting to keep **TASOK** beautiful and free of trash!

This past year, the students of the **Green Team** ASA have collected over 60kg of trash on TASOK's amazing campus! That's too much! We need everyone to do their part and be responsible. Thank you

- 800+ plastic bottles collected & recycled
- 600+ masks! (gross!)
- Majority of trash/recyclables collected **GreenTeam** believed to be generated within the walls of TASOK)

Ending a great beginning for our new Secondary Student Council!

Our new and improved Student Council has worked hard this year in the midst of many obstacles to develop a stronger community while putting together new events and restarting old traditions. Special thanks to Yoanna Toulou for the redevelopment of our Student Council and to Abdallah Tarhini as our President and Sam Girois as our Vice President. It was a bumpy road at times, but we're proud of the new beginning and we're looking forward to many great activities and events next year. TASOK PERFORMING ARTS presents *RESILIENCE*

Our students worked extremely hard and did a fantastic job with all three performances. Thanks to the TASOK community for their support of our production and we look forward to more in the future!
